**“GENIUS IS THE ABILITY
TO PUT INTO EFFECT
WHAT IS IN YOUR MIND.”**

If you've ever heard the saying, "Don't judge a book by its cover.", then you'll know exactly what it means when you hear DJ Julian Pierce perform.

Ambitious, spontaneous, fresh, full of energy, confident yet humble, Julian Pierce doesn't fit your typical stereotype. With attention to detail he strives to create uniqueness within all his events. His goal is to perform every event to the best of his ability & to spread his passion of music to the masses. He loves to party rock, performing various genres from dirty electro to hip hop mashups to 80's & 90's throwbacks that will have you singing along to mainstream pop music and everything else in between.

The recipe to success he uses to create his unique style and sound contains many elements; custom produced edits and mashups, effects, scratching, hype & just plain and simply reading the crowd. He's equipped with the tools and expertise to properly read and adapt to any crowd with a diverse music catalog spanning numerous musical genres and generations. Often overlooked, the DJ is the key element to any successful party or event and Julian has been nothing but successful at leaving his clients completely satisfied.

Someone was once quoted, "Genius is the ability to put into effect what is in your mind.", and Julian Pierce does just that flawlessly. He believes that there is absolutely no point in living if you're not doing something you love to do! Music is what he loves! He lives, eats & breathes music. He believes music is life & life starts here.
